move

Here you can order your move online and change the tariff or product at the same time!

... and it's that easy:

When ordering your move online, first enter your new connection address and your move date. Based on your new connection address, we will then check which products we can offer you. Simply select the product you want.

Please note that moving your connection can take up to 6 weeks.

Therefore, order your move 4-6 weeks before the desired date.

Unfortunately no changes are possible at the moment \*

Order the move

\* A change / order that has been made has not yet been fully completed, so unfortunately no further changes or orders are possible at the moment.
